Up-to-date customer information about SARS-CoV-2 | 2020-05-07

Dear Sirs,

the situation regarding the corona virus is still good at FRITSCH. FRITSCH has so far been spared corona diseases and supply chain restrictions, also due to the protective measures taken at an early stage and the reliable cooperation of all employees. For this reason, the Corona Crisis Staff at FRITSCH has decided to continue the measures that were defined with a great deal of prudence and with the usual consistency.

With the beginning of the loosening of the lock-down in Europe, we are now again receiving an increasing number of inquiries regarding the delivery and installation of FRITSCH machines. We would therefore like to take this opportunity to assure you that all contractual agreements are still valid for both parties. Commissioning and service assignments can therefore take place, taking into account the requirements of the target country.

If you have any questions, please contact your local FRITSCH contact person who will be happy to help you.

With best regards

Your FRITSCH Team
